I just dont understand why on earth would a muslim wish any harm on another muslim because he or she does not agree with their manhaj.

Asalam 3leikoum wr wb,

I did not post about Younus to have him arrested nor do I wish to "expose" anyone. I never insinuated brother Abu Talha was guilty. I am pissed because I did email Younus "several months ago" warning of the dangers of going to Somalia as a brotherly friendly nasiha and received the same tongue lashing that all those involved with him give me. Rather than a thanks I will think about it I bore the wrath of Younus. I agree with all Younus stated above except where he thinks I tried to plagiarize his theories though at one time his ideas has a great influence on me. Also I always said here that I don't take my Deen from Sheikh Faisal and never claimed that I was solely in contact with him. I was in contact with him big deal?!?! I am glad that Younus set the record almost straight. I have all the emails to back up my claims on flash memory so I can always just let you folks judge. BTW I know Younus doesn't work for the FBI but my statement held more credibility than the accusations of Younus's next students.

Re: Feds Arrest Man Behind 'South Park' Threats

Yousef al Khattab you're such a Jew. You take credit for other people's hard work. Just like when you post on the internet with you pseudo-intellectual fake book reviews and YouTube videos. Your IA threads at zero replies echos your sorry state of being. A failure at life and Islam. Threads where the views are generated by your own obsessive compulsive need to press the refresh button. Did anyone reply? Sadly no one did, that's because they see through your hollow existence. Someone who is an attention whore, someone who uses his family to attract attention – perhaps the attention he lacked as a child? It must be sad to live in your world when all you have to look forward to are hits on your websites. What's more sad is how you transform into a pig-ape persona when cornered. "I'll sink the ship!" Is what goes through your mind, "what ever it takes, I'll do it, I'll sink the ship." Ignoring Islam, ignoring people who helped you. How do you live with yourself? Is that one of many tactics you retain from your past?

Yousef al Khattab, WOW akhi you disappointed me so much. Here I thought you were such a pious Muslim an example, but Subhanallah. You are very disgusting, your true colors are showing. May Allah (swt) curse you for what you did to good Muslims.

May Allah (swt) protect you and your family brother Younus.

My true colors? Because when I send brotherly nasiha I get back rants like this:

View more [documents](#) from [Yousef al-Khattab](#).

That was when Zach was still around with RM I think that would have been pretty good advice to pass on, I guess according to many here i was wrong. Allah hu Alem, anyway we will take this one step at a time insh'Allah.

*Fiamanillah,
Yousef*

Actually, you wrote in the email this:

"Danny was not as educated as you are but I am sure he would realize in your situation that even approaching East Africa or Yemen, Aden or Sudan and by passing Djibouti by boat would be a waste of your education."
"

...thus implying on an account you know is monitored, that I was planning on sneaking into Somali. For this retarded move I responded amongst other things:

You misunderstand rage for not slandering and speaking to a person's face and again you should provide data for what you say... just more hogwash based on your superiority complex. Still you've ye to address anything and make a coherent argument but will go on talking like a jackass about our literalism. No hadith, no quran, no citation, no fact, just immature passive aggressive false peace based on your own insecurities and inadaquacies. Tell abdullah I said hello and a good sufi pays back their debt before they talk about others piety. So again, what of the literalism issue? Any evidence or just more blah? Not rage just knowing why a person believes what the believe with a rational ability to defend it. Seems that is not the case for those with the loosest lips behind the backs. Think about it before you bark next time.

Abu Najm is not my student. If we agree then it is because Allah (swt) has given us the same opinion and maybe because we know our deen.

What you think was naseeha was another reason for the FBI to think that you were sending them tips, call it paranoia but there is no room for talk like that as if you know something about my intention over email. If you are too ignorant to realize how that statement about my trip, equipped with description of route and etcetera after you have denounced me in public and portrayed me as an extremist (which I am not) over an open gmail account connected to RM is not wise and puts me in jeopardy, then I must just be the paranoid person you think I am. However, I live with them on my phone, on my email, damaging my vehicles, kicking in my doors trying to force me to fear them. I live with their threats of my incarceration and you know nothing of the trials I am going through. Instead, you ally with an ignoramus 19 year old that I never, ever even expressed myself to and try to bring me down. You do not have to be conscious of allying with the taghout against Muslims, this was perhaps the biggest fear of Muhammad (saws), that minor shirk that is like the black ant on a dark wall in the night. It is inconspicuous. So, again I ask you to take that nonsense down off your site and refrain from speaking without evidence about RM and our platform.

Of course, I would respond to you vehemently when you send me an email like that, after you denounced our views and predicted our arrest and started to inspire hatred against us. Do you not see how dangerous it is to send "naseeha" like that?

Zack was already gone then, and you would have had no knowledge one way or the other. Abu Talha was gone for at least a month before that email... your speculation is what gets you to arrive at your conclusions. I think it is the Qiraan over your shoulder that is boasting to you of your life's experience.

Shame on all of you wallahi, you brothers have managed to turn this into a disgusting thread .La hawla wala quwatta illa billah, when do you honestly put differences aside and work together for the sake of the oppressed? Are we teenagers????????????????????? How simple we make du'aa against each other and how easy the la'na comes out from us.

Alhamdulillah the wife is doing well, may Allah protect her and her child. May Allah grant her patience and strength to endure this hardship.

so you are saying publicly what you and him talked in private and now you are showing the whole world that this person supposedly wanted to wage jihad in somalia but you warned him not to? And by up you revealing this does not incriminate him? And now you are saying you save all the emails as some sort of proof? what the hell is that bro? are you kidding me man? do you know the words that are coming out of your mouth? why would you post here what took place in private? what if i did the same to you or anyone else?

you turn something that is private and personal into a public issue. and now if yunus does get in trouble, we know who caused it. so blame yourself if anything happens to him or abu najm. im sure qaradawi would not approve of your ways. the man has a wife and a son, and all you care is how YOUSEF AL KHATTAB looks in public because you have to WIN and prove yourself right.

honestly, you should really look in the mirror and see what you just did by putting your ex-best friend who you loved and shared personal issues with in trouble. but i guess in the end, its only what YOU think is right and hell with everyone else.

Jazak Allah Khair for the reply Younus the only problem is you sent me that email about your trip from a RM email account with out me asking you about it. I can now use your excuse "I had to state this it was like a tip to the FBI, thus I had to post it on IA" In fact I only have to document my claims with dalil since the literalists are "men of the Sunnah" I would retire and go on with your life Younus, leave the fatawa and life planning to the Uulemah before you destroy yourself and others.

PS Younus NEVER told me he was going to Somalia, he spoke in general terms that was advice NOT to go there. No more no less.

who gives you the right to take sides ya jahil!?!?!?!?!?! WALLAH! YOUR BEHAVING LIKE A FITAN

Instead of trying to stop what could turn into two Muslims becoming FBI prisoners, you take a cheap shot at Youseff. LEAVE THIS FORUM NOW. YOU INSTIGATOR BACKBITER! You may indeed be an agent provocateur.

I advise whoever runs this site to ban GOT SHARIA FOREVER!

You people taking sides over a dispute between two individuals WHOM U HAVE NEVER MET IN REAL LIFE!!!!

this is exactly the behavior of a 9 year old girl!!!! WALLAH!

If i could become more disappointed than i am now.

O you who believe! Avoid much suspicion, in deeds some suspicions are sins. And spy not neither backbite one another. Would one of you like to eat the flesh of his dead brother? You would hate it (so hate backbiting). And fear God, verily, God is the one who accepts repentance, Most Merciful. (49: 12)

When we reflect deeply over this assimilation it should be enough to keep us away from backbiting!

Do not treat the issue of Backbiting & Slander with indifference because it is a great sin

Behold, you received it on your tongues, and said out of your mouths things which you had no knowledge; and you thought it to be a light matter, while it was most serious in the sight of God (24: 15)

God teaches us to speak out against Slander and try to put a stop to it

And why did you not, when you heard it, say? "It is not right of us to speak of this: Glory to God, this is a most serious slander" (24: 16)

Many people are so busy spreading the slander they hear that they do not even stop to think if it is true or not.

Shaitan (Satan) wants us to use our tongue to create conflict and hatred

Say to My servants that they should only say those things that are best, for Satan does sow dissensions among them, for Satan is to man an avowed enemy. (17:53)

Are we falling into Shaitan's (Satan's) trap? We can all analyze ourselves.

listen, when you post in a public forum and you say " i gave him advice not to go", it means this person discussed with you about his or her intention and you gave them "nasiha". again, this shows this is a personal thing. " he exposed me so i will expose him". it is like saying " if he speaks to FBI about me, i will do the same."

anyways, this is pure sicking to even read. it's like a game, who ever gets arrested first loses. and the one who does not wins.

got sharia?

Re: Feds Arrest Man Behind 'South Park' Threats

With every post Yousef's Jewry becomes more evident. He acts like he's doing nothing wrong, but he calculates every move. Under the guise of showing what a proper Muslim he is, Yousef is endangering Muslims. Couple of people on this thread with brains already got a hint of what Yousef is up to. Keep posting Cohen, you're only exposing yourself and no one else.

Ok, whatever that means!!! I have no clue... why would you feel it is your call to tell me to "retire"? Retire from what, you act again as if I have done something wrong. Is it wrong to speak to the tyrants? And again, where have I passed fatwa? Where have I harmed others?

This is my point. It the accusatory nature of your rhetoric without any evidence that appalls me. You denounce our platform and positions yet have no basis in the deen. If Qaradawi wants to talk of current events, then I consider myself just as qualified. It is he that should retire. Look at his baatil calls for U.S. Muslims to kill Afghans, look at his nonsense of supporting Sharif Ahmed, the Amir of Qatar, and etcetera.

I am not putting myself on his level, but my heart, hand and tongue should not stand silent with all of the falsehood around. Why should I stay silent, when I have broken no laws and am content with speaking truth within the boundaries of legality? Why should I stay mute when people like you are blaming the mujahideen for the plight of the ummah and calling to Moderation that is appeasement and passivity that is aggression against fellow Muslimeen?

Re: Feds Arrest Man Behind 'South Park' Threats

I love how I'm under the spell of RM according to Yousef. Akh Younus asked me to give talks on Aqidah and others there asked me to talk about anything else I wanted to- I chose Intro to Hadith. If my involvement in RM get's me arrested, then that would be an amazing honor.

Please don't go starting threads saying how you told me so or using my case as an example of what not to do. Getting arrested for teaching Kitab al-Arsh and Intro to Hadith would be an honor.

It's my involvement with Yousef that worries me. Behind every imprisoned Muslim is another Muslim who thinks they're doing their Islamic duty by volunteering/eliciting information about him/her...

Inshaallah let us not be the people that Allah (swt) described in this verse:

In Surat Al 'Imran, v. 120, Allah said: **{“If a good thing befalls you, it grieves them. But if evil overtakes you, they are happy at it. But if you are patient and have taqwa, their plots will not do the least harm to you...”}**

Re: Feds Arrest Man Behind 'South Park' Threats

people now say i am "kissing butt"

I am not kissing butt, nor am i taking sides. I am merely attempting to act as MODERATOR b/c clearly whoever is supposed to be doing so isnt! Its clear Youseff will go to whatever he feels is necessary to "establish his point." ie showing private emails. While i strongly disagree with this move of his, b/c he is essentially blackmailing Akhi Younus and whoever has spoken with him. THIS is a dangerous and selfish move considering the fact that Younus and AJM have made it clear that they do not trust Youseffs intentions, no matter how much good will Youseff says he has towards them.

There is a responsibility though on all the brothers here, and FREE THE OPPRESSED will of a surety agree with me when i say that certain people here shouldnt take this occurrence as a chance to take cheap shots at each one another.

I DONT KNOW because as Umar RA said " I care not what condition Allaah taala wakes me up in the morning for i do not know what is good or bad for me"

this is my last comment. i think its best for me to leave this forum alone...

Re: Feds Arrest Man Behind 'South Park' Threats

some brothers have said that i am "kissing butt," and that my behavior is "as bad as some of the worst"

therefore i will make this my last post for one main reason.

I am only trying to establish moderation in this emotional and trying time by the permission of Allaah Taala. We have a brother, akhi Youseff who has made clear that he will release emails that are private in nature and will do so in order to defend his name and prove his case, that RM is a danger to muslims. However true or false this may be we do not know. This is up to Alaah Taala to grant RM whatever will come. Of course we all hope for the best. Amin!

Of course i think releasing a private email is both dangerous and selfish on Akhi Youseffs part. This is blackmail, no doubt about it, (even if this was not the intention of yours, Akhi Yousef). This is dangerous because AKhi Younus and AJM have made it clear to IA that they have no trust in

Youseff.

Akhi YOuseff, your release of a private email was selfish and makes you look like you are not in control of yourself. You are behind a computer and i hope that no one has a gun to your head telling you to release the private emails you had when you brothers were on talking terms...

Whoever runs this site must do a better job.

this ill be my last post, i hope.

i know i will get blasted by some for this but i have cloed the thread

reason: we have a whole section on Prisoners and i am happy for a thread to be started over there discussing how to help the brother and his family and positive actions in general to help another imprisoned muslim, this thread has some personal info which may or may not harm his case, i dont know but i would rather that kind of discussion is stopped now.

we can have a thread elsewhere on things one can do to help brothers and sisters to NOT incriminate themselves but this should be done on a naseeha basis without name dropping as alot of these cases are on going and we only want to help imprisoned muslims rather than hinder their already difficult cases

and Allah knows best
